

WORLD PENGUIN DAY!

April
25

World Penguin Day coincides with the annual northern migration of Adelie penguins! Help celebrate and raise awareness of our iconic tuxedoed friends!

Waddle we do to help these penguins?

Penguins are threatened by climate change, pollution and limited food resources. Here are some things you can do to help!

- *Switch off for Seas* – Turn off the light switch when you leave the room to reduce electricity
- Make sure to make sustainable food choices
- Share your love of penguins by researching and inspiring others to learn about them too!

How does a penguin stick its house together? Igloos it!

FACT

Penguins live across every continent in the Southern Hemisphere

FACT

Penguins eat fish, squid & krill. Because they eat so much, they poo on average every 17 minutes!

Meet Jones, one of our Gentoo Penguins! Jones is just one of our cheeky Gentoo penguins that live here in at SEA LIFE Melbourne. These incredible penguins are very curious but also the fastest swimming bird, going at 36km/h.

Skin: _____

Shape Penguins!

Mix and match these 2D shapes to create a Shape Penguin!

Step 1. Cut geometric shapes from coloured card to make your penguins body

Step 2. Print & cut out the shapes below for your penguins belly

Step 3. Use orange paper to create the beak and feet

Shapes can be pre-cut or traced to suit all abilities. Alternatively, students can select their own shapes to use.
